

Module 1 Overview

Following these 12 lessons you will:

- Create 14 pages of personalised study within an A4 Developmental Journal, drawing inspiration from your memory and surroundings.
- Gain expertise in handling your round brushes and discover ways of creating beautiful botanical leaf shapes.
- Plunge into the world of direct shape and mark-making, expanding your creative horizons.
- Explore the joy of working with limited colours, unlocking new dimensions and focus to your creativity.
- Deepen your comprehension of contrast and composition, developing your artistic skills.
- Acquire valuable tips and techniques for working on a series of studies bringing them to completion.

What is included.

- Expert guidance, 4-5 hours of comprehensive content, filmed overhead for clarity.
- Films uploaded weekly for 7 weeks, allowing you the freedom to learn at your own pace. The group will remain open for 4 months allowing for completion.
- Engage within our small private Facebook Group, connecting with artists worldwide. Participate in discussions, seek advice, and access additional tips and insights.
- Pose questions, share discoveries, and receive personalised feedback.
